## Aquifiers, Fossil Stones, Slate and Yorkstone Monoliths

Feature Name : **Petrified Tree Trunk** website code **1022**

A new amazing addition to our range, fossilised tree trunks!

Absolutely stunning, each piece is a totally original, natural water feature. Drilled through the centre to allow a pipe to be fitted, the water bubbles out of the top and highlights the contours of the stone as it makes it's way to the bottom to start its journey over again.

These pieces may be wide and thick rather than tall and thin, as being a natural product, this is how they arrive. Therefore, allowances are made for this disparity; shorter pieces will be of similar or greater volume than the taller pieces.

Complete with pump, light, reservoir, piping and delivery.

Size aprox 100cm tall.

**WaterFeatures2U Price:** £1250.00
