Contemporary Stone

Feature Name : **Crucible Fountain** website code **174**

This design is produced in a unique cast stone mix, this mix is naturally waterproof, making it ideal for water features. The material is not susceptible to frost. However, precautions should be taken to prevent water freezing in the "bowl" models, usually loosening the cable gland in the winter months will suffice.

Available in three colour finishes, Coade Limestone or Slate.

Comes complete with pump and pebble pool, just arrange a few pebbles around the piece and add water!
Size 620mm high x 500mm wide, weight 105kg.

WaterFeatures2U Price: £330.00

Contemporary Stone

Feature Name : **Curled Leaf, small** website code **579**

A new contemporary collection, carved from granite, a beautiful combination of water and stone. Yet another dimension is added to the piece with the addition of a light attachment that sits just inside the water outlet, absolutely stunning after dark, the water takes on the appearance of fire. Comes complete with reservoir and pump kit.

Warning, this is not a plastic reproduction, this feature is made of real stone and as a result, is extremely heavy. The good news is, it will last a life time so, represents value for money. We do offer a fitting service, Please ask for a quotation.

70cm high.

Contemporary Stone

Feature Name : **Stratos** website code **1218**

These water features are architectural and minimalist in style and look great in a contemporary garden setting. In keeping with their streamlined look, their water flow is subtle and quiet, rippling and glistening over the stone.

They are made as a hollow 'box' from slabs of granite. This means that although they look just like solid stone they are much lighter, and really easy to handle and install. Comes complete with pump, hose, reservoir etc. 1200mm high x 300mm x 300mm wide.

WaterFeatures2U Price: £495.00

In keeping with their streamlined look, their water flow is subtle and quiet, rippling and glistening over the stone. They are made as a hollow 'box' from slabs of granite. This means that although they look just like solid stone they are much lighter, and really easy to handle and install. Water flows down both sides of this feature. Comes complete with pump, hose, reservoir etc. 1200mm high x 300mm x 300mm wide.

WaterFeatures2U Price: £525.00

Contemporary Stone

Feature Name : **Torre** website code **1226**

These water features are architectural and minimalist in style and look great in a contemporary garden setting. In keeping with their streamlined look, their water flow is subtle and quiet, rippling and glistening over the stone. They are made as a hollow 'box' from slabs of granite. This means that although they look just like solid stone they are much lighter, and really easy to handle and install. Water flows down both sides of this feature. Comes complete with pump, hose, reservoir etc. 1000mm high x 250mm x 250mm wide.
