Nature Reproduced

Feature Name : **Cedar Pond** website code **91**

Something completely different to what has been available previously.
Tell these copies of wood, slate and rock from the real thing if you can!
Crafted from fibre glass and real aggregates in order to reproduce the unique colours and textures occurring in nature (no surface paint to wear off), these water features will give a lifetime of service as they are unaffected by snow, frost, sun, humidity or heat!
Will look stunning either as a garden feature or, recreate the jungle in a corner of your conservatory!
150cm long x 105cm wide x 52cm high.
Please e-mail for more photographs of features in actual use if interested as seeing them in an "as delivered" state does not do these pieces justice.
We have a large library of photographs at your disposal.
