## Patio Aquariums

Feature Name : **Aquarium, small** website code **432**

A new idea for 2005, a totally self contained outdoor aquarium, which has been thoroughly proven through normal British winters! This is due to the insulating properties they are made from. They have a raised floor bed to allow under gravel, water and air circulation.

Two filters built into the aquariums have coarse and fine sponges to filter out particles and both are packed with an effective 'bio ball' filter media.

Ample Dorset gravel of a special grade is also included and the aquarium comes part assembled, in order to make setting up quick and easy.

A heater and lights are also provided to ensure both you and your fish enjoy this feature 365 days a year for many years to come!

Size: 950mm Long x 610mm Wide x 600mm High.

**WaterFeatures2U Price: £399.00**
