Pebble Pools and Reservoirs

Feature Name : **Finia 1000** website code **599**

The FINIA 1000 reservoir is the very best solution available for use as a sump in the construction of a self contained water feature, immensely strong, the sump holds the water, houses the pump and supports the feature you install all in one effective unit!

There are other similar, cheaper products available but, like most things in life, you get what you pay for and as you only install pools very rarely, you may as well do it right the first time.

Specification: 980 mm dia x 300 mm deep, freestanding or in-ground use, made of 100% recycled plastic.

Two piece unit.

Weight < 10 kilos

Holds > 90 litres of water

Will carry an evenly distributed weight of up to 250 kilos e.g slate standing stones or large stone monolith, granite boulder etc.

Use where "splash" is a concern.

WaterFeatures2U Price: £85.00

How to order...

The quickest way to order your chosen feature is to go online at **www.waterfeatures2u.com** and use the shopping cart facility.

If you prefer to order over the phone please call us on **++44 (0) 1964 501988**

Please Note: Telephone orders taken between 1pm and 4pm Monday – Thursday.

You can also request further information about any features shown by sending an email to **sales@waterfeatures2u.com**.

Pebble Pools and Reservoirs

Feature Name : **Heavy Duty Reservoir, with Galvanised lid.** website code **938**

Another variant on an immensely strong reservoir, ideal for the larger monolith, statue etc.
600mm diameter x 360mm deep.

WaterFeatures2U Price: £110.00

How to order...

The quickest way to order your chosen feature is to go online at **www.waterfeatures2u.com** and use the shopping cart facility.
