Something Different

Feature Name : **Mosaic water feature** website code **1009**

This is a unique hand-crafted water feature made by artist Jonathan Froggatt and garden designer Claire Stuckey (Gold medal, Chelsea, Room105 Design Partnership 2005). It makes a beautiful and tranquil addition to any outdoor or indoor space.

The bowl gently bubbles, giving off an ethereal mist effect and adding a sense of calm. It comes complete with pump, mist-maker and light.

The mist-maker is a negative ion ioniser, adding to the health and well being of you and your plants. It can also act as a fragrance diffuser. Each feature is individually named, and we also provide stones, a bottle of fragrance and certificate of authenticity. Beware of imitations!
