Watching the water flow

Feature Name : **Helena 400 waterfall, complete** website code **852**

The creations within this section are truly mesmerising, each one flowing in its own unique fashion, but all based upon a figure of eight.

If you are stressed, simply sit and look into the patterns formed by the water and in minutes you'll be totally relaxed!

In addition to you feeling better, your fish will too, as the water movement has positive effects on the aeration of the body of water it sits in.

Made from Granite aggregates, they are very durable and frost resistant and each one is hand etched to highlight the colour and texture of the natural stone.

Available in green, black or pink granite.

Set of three including pump, pipes, clips etc, i.e. everything to add to an existing pond. (to run using a pebble pool, please choose this as an extra, suitable models in our pebble pool section).

Each section 400mm x 400mm x 140mm.

Available without pump etc if you already have these.

WaterFeatures2U Price: £425.00
